SUBLETTING IN TEXAS: THE GOOD, THE BAD, AND THE UGLY

In-Person Class
Instructed by Charles Porter

As the post-pandemic market is devastated across the state due to business practices and cultural changes, office building management and landlord/tenant brokerage are the new crisis areas. In this changing commercial and residential marketplace, nothing could be more relevant for the license holder than to understand subletting. Not only will the course teach the license holder the best ethical and practical practices involving subletting issues and real estate brokerage, but it will also bring the student up to date on the major issues in this new, current, and important segment of real estate brokerage.
