

AUSTIN AREA SCHOOL GUIDE

AUSTIN, TEXAS

ACCOUNTABILITY SYSTEM OVERVIEW

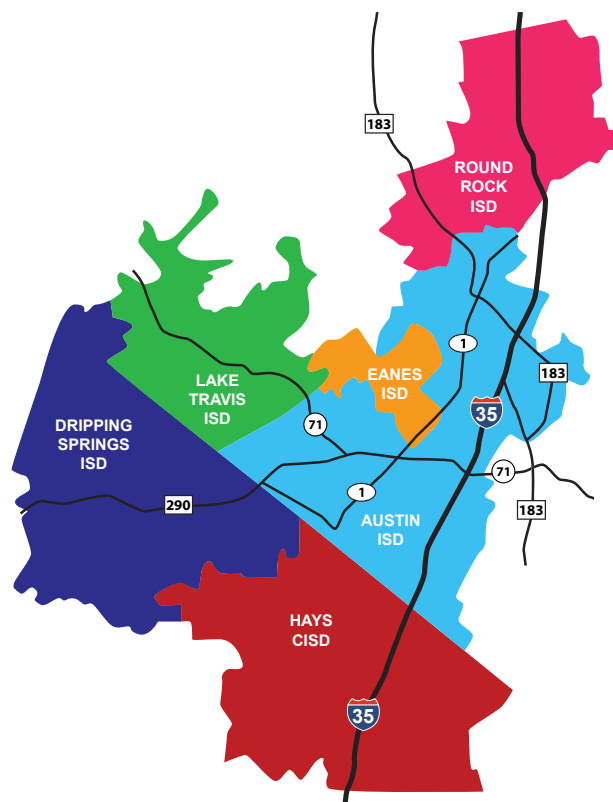

The overall design of the accountability system evaluates performance according to three domains:

STUDENT ACHIEVEMENT evaluates performance across all subjects for all students, on both general and alternate assessments; College, Career, and Military Readiness (CCMR) indicators; and graduation rates.

SCHOOL PROGRESS measures district and campus outcomes in two areas: the number of students that grew at least one year academically (or are on track) as measured by STAAR results and the achievement of all students relative to districts or campuses with similar economically disadvantaged percentages.

CLOSING THE GAPS uses disaggregated data to demonstrate differentials among racial/ethnic groups, socioeconomic background, and other factors. The indicators included in this domain, as well as the domain's construction, align the state accountability system with the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA).

The data presented in this guide pulls from the 2021-2022 school years. The public release of the 2025 reports is pending judicial ruling and decisions from the 88th legislature during a special called session in 2023.

WHO IS RATED?

Districts and campuses with students enrolled in the fall of the 2021–22 school year are assigned a state accountability rating. For this purpose, students are considered enrolled if they are in membership. In order for a student to be in membership they must be scheduled to attend at least two hours of instruction each school day or participate in an alternative attendance accounting program.

Students instructed virtually are included in accountability calculations in the same manner as in-person students. Students enrolled in virtual courses under an agreement described by Texas Education Code (TEC), Section 29.9091, are considered enrolled in the sending district or school for purposes of average daily attendance and accountability.

DISTRICTS

Beginning the first year they report fall enrollment, school districts and charter schools are rated based on the aggregate results of students in their campuses. Districts without any students enrolled in the grades for which STAAR assessments are administered (3–12) are assigned the rating label of *Not Rated*. State-administered school districts, including Texas School for the Blind and Visually Impaired, Texas School for the Deaf, Texas Juvenile Justice Department, and Windham School District are not assigned a state accountability rating.

CAMPUSES

Beginning the first year they report fall enrollment, campuses, and open-enrollment charter schools, including alternative education campuses (AECs), are rated based on the performance of their students. For the purposes of assigning accountability ratings, campuses that do not serve any grade level for which the STAAR assessments are administered are paired with campuses in their district that serve students who take STAAR.

RATING LABELS

Districts and campuses receive an overall rating, as well as a rating for each domain. The rating labels for districts and campuses are as follows.

- **A, B, or C:** Assigned for overall performance and for performance in each domain to districts and campuses (including those evaluated under alternative education accountability (AEA)) that meet the performance target for the letter grade
- **Not Rated:** Indicates that a district or campus does not receive a rating for one or more of the following reasons:
 - The district or campus has no data in the accountability subset.
 - The district or campus has insufficient data to assign a rating.
 - The district operates only residential facilities.
 - The campus is a juvenile justice alternative education program (JJAEP).
 - The campus is a disciplinary alternative education program (DAEP).
 - The campus is a residential facility.
 - The commissioner otherwise determines that the district or campus will not be rated.

*The information in this guide only highlights the findings of the school districts.

Calendar Totals: 187 Teacher Days; 169 Student Days (81 1st Semester/ 88 2nd Semester). Staff exchange days are days that the district is generally considered closed, operating with limited staff and services. Exempt employees who are assigned work schedules between 187 and 230 days may either work on these days or, in lieu of, certify that they have conducted district business or performed work duties outside of their normal work schedule in an equivalent amount of time. Calendar adopted by the Hays CISD Board of Trustees on January 22, 2024.
