

October Lunch & Learn: GREAT SRPINGS PROJECT

with Emma Lindrose-Siegel

Great Springs Project is a nonprofit organization working to create a greenway of conserved land in Central Texas and build a contiguous hike-and-bike trail from the Alamo to the Capital by the Texas Bicentennial in 2036. Join us and Chief Development Officer Emma Lindrose-Siegel to learn more about how Great Springs Project works with developers, landowners, cities, counties, municipalities and local and regional planning organizations to build new parks and trails.
