WATER REGULATIONS FOR TEXAS AGENTS IN 2026

In-Person Class

Instructed by Charles Porter

This two-hour course is designed to give the real estate license holder an overview of water rights in a 21st century Texas which faces droughts, floods, and fresh water crises. Not only will the course teach the licensee the best ethical and practical practices involving water issues and real estate brokerage, but it will bring the student up to date on the major issues in this important segment of real estate brokerage. The knowledge gained by the students from this course will better educate them so they can better serve the public.
